Mulberry versus Blue Devils tonight.

Several days of sunshine this week. And Glades farmers are happy.

Do your Christmas shopping early! It's less than three months until Santa's annual visit.

October 10—with favorable weather between now and then—should bring the first shipments of green snap beans.

According to advices from those who know—the week ending October 26 should bring heavy shipments of beans from this area. Packing houses should be running part time by then.

With a great deal of extra expense this season, members of the Athletic council are hoping for fair weather and a big crowd tonight when Hobson's men meet Mulberry on Laird field in Pahokee.

Freeholders will do well to study the proposed school bond issues of \$970,000 to be voted on soon. That is a lot of money—but the school board plans to spend it where needed most.

This department suggests to Blue Devil fans that they keep an eye on one certain J. C. Lanier, number 57 on the Stuart football team, when the local lads play the Martin county outfit on the night of Nov. 15. He's the first chap we've ever seen play both ends on a football team.

County Engineer Jake Boyd says his department will spend less than the amount budgeted for the year. That isn't the case as it applies to the general run of county and state offices. But, Engineer Boyd has been on the job a long time and knows where to cut corners when it comes to spending the taxpayers' money.

Principals in Glades schools report an increase in enrollment this year. It is no more than we expected. Hundreds of new families have taken residence in the Lake Region since the close of the last school year. The increase keeps the school board and other school officials scratching their heads to find desk room for the youngsters.

## THE NEW JUDGE

Rumor are floating around that State Attorney General George C. Gibbs will receive the appointment as seventh judge of the supreme court in case the amendment providing for the judge is approved at the November election.

The amendment will stand a better chance of approval if it is assured that a man of Mr. Gibbs' ability is to get the job. But unfortunately that's counting the chickens before they are hatched, and Governor Cone will have the say-so about who gets the job. He might appoint Mr. Gibbs, but there have been other rumors that he had

another appointment in mind.

Attorneys claim another judge is needed because the court now has six, and many three-three splits have occurred. Another good way to eliminate that possibility would be to reduce the number of judges to five, but that would take at least one man off the public payroll, and such a procedure is almost unheard of in this day and time.—Florida Advocate.

## FROM THE GERMAN REICH AND 17 BATTERY PLACE

For months we have been getting from two to as many as half a dozen pieces of propaganda from the German Reich, sent out by the German Bureau of Information at 17 Battery Place, New York. As far as we are concerned the disgusting lies contained in this propaganda makes no difference, but it might be that some copies of it get into the hands of persons who do not so readily grasp the "stiff" as we do. It seems to The Southwest Floridian that the Dies Committee or the postoffice department or the department of justice should find some way to stop this matter going through the mails. It does not seem right to us to see this matter, which of course is helping stir up feeling in this country against Great Britain, and against our helping Britain, or preparing for our own defense allowed the use of the mails. During the past month we have not only rotten the regular circulars, but two or three pool sized books from this outfit. It should not be permitted to deceive the American people as it deceived the peoples of Poland, Norway, Sweden and Belgium, as well as France.

At any rate, Hitler, you may keep the copies you are sending us. We do not want to see the stuff.—Fort Myers Floridian.

## HOW OLD IS 35?

Statements about the new draft bill continue to speak of age limits 21 to 35 years, though the law itself says in so many words "between the ages of 21 and 36." We are now bound to have another fascinating and inconclusive debate in chronology. There was the famous battle about when did the 20th century begin. There is the recent prolonged fray over the question whether the year 1940 is the last year in the decade of the thirties or the first year in the forties. Such discussions usually end up by going back to the beginning of the Christian era and leaving everybody in a state of uncertainty about his own name and street address.

But actually there can be no room for a difference of opinion about the draft ages. A person is one year old on his first birthday, that is, when he has rounded out a whole year of existence, a year of 365 days, or in leap year 366 days. A person is 35 years old on his 35th birthday when he has rounded out 35 full year of life. A man lives for 364 days in his 35th year until, one day later, he becomes 35.

Some of the earlier accounts of the draft bill spoke of men "through their 35th year." But a man completes his 35th year on his 35th birthday. Could it have been the idea in congress that a man has to reach his 36th birthday before he has rounded out 35 years of life? If so, it is an error. A man born on Oct. 1, 1905, will have completed his 35th year on Oct. 1, 1940. If the net has makes him register just the same it is because the draft law wants men from 21 to 36.—New York Times.

## MRS. SPEER NAMED

Mrs. H. L. Speer was elected president of the Pahokee Baptist Missionary union at its annual election. Other officers chosen were Mrs. R. S. Douthett and Mrs. T. Clements, vice presidents and Miss Elizabeth Caraway, secretary and treasurer.

## retary and treasurer.

Members voted to sponsor a miscellaneous shower for the Everglades Memorial hospital and to ask the cooperation of the Methodist society of Christian service in the project. Mrs. D. W. Crocker, Mrs. J. C. Mock and Mrs. W. A. Stevens were named to

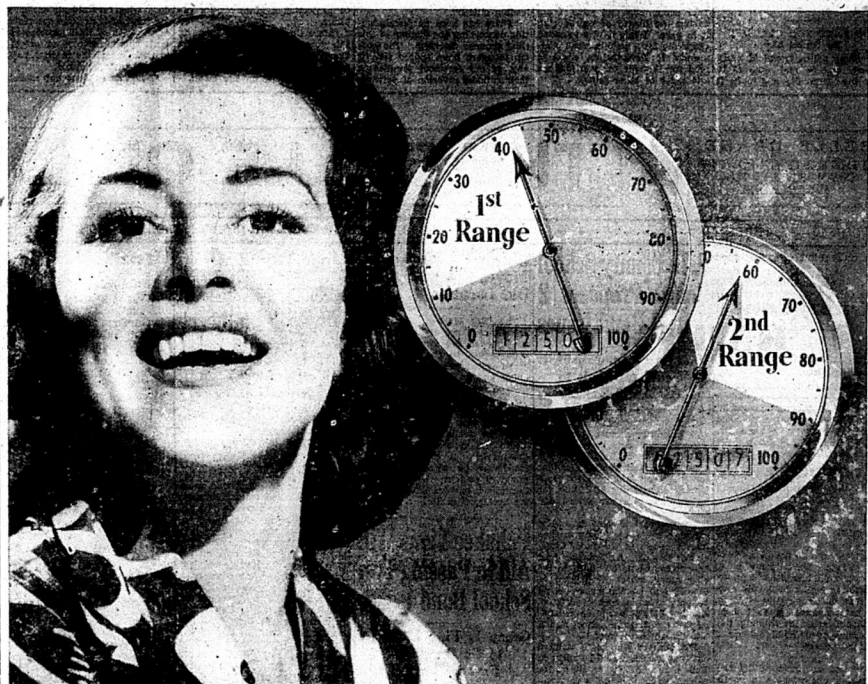

## meet Methodist representatives

regarding the shower. Mrs. Speer announced a meeting of the Palm Lake association at Belle Glade on Sept. 30.

## Club Clears \$18 On Game Party Held Tuesday Night

The committee in charge of the entertainment at the Pahokee Woman's club Tuesday night re-

ports that the affair cleared \$18 in cash. Those on the committee were: Mrs. A. E. Morgan, Mrs. R. Earl Smith, Mrs. D. W. Cunningham, Mrs. B. J. Barwick, Mrs. Henry Brooker and Mrs. Christine Cochran. Those in attendance report an enjoyable evening of entertainment of various games.

# "I get Double Range Anti-Knock!"

Every motorist knows that there are two important ranges of acceleration where highest anti-knock performance is needed. For example, you need knockless power at 10 to 45 miles per hour for acceleration in traffic and 45 to 90 miles per hour for passing other cars and climbing hills. Some gasolines may give high anti-knock in one range but not in the other. But the new Sinclair H-C combines high anti-knock performance in both ranges.

With the Double-Range anti-knock in H-C you also get other remarkable qualities in performance. You get quick starting—rapid pick-up—smooth power—and long mileage.

Try a complete tankful of the new Double-Range H-C in your car today. Your nearby Sinclair dealer sells it at regular price. You will find it adds to the pleasure of driving and helps reduce motoring expense as well! Ask for the new Sinclair H-C.

# New SINCLAIR H-C

For performance, no gasoline at regular price is superior to the new Sinclair H-C.

Agent Sinclair Refining Company (Inc.)

## Quartet Will Sing Tuesday Night In Pahokee

The Vaughan Union quartet, representing James D. Vaughan, music publisher of Lawrenceburg, Tenn., will appear in concert, next Tuesday night at the school auditorium in Pahokee. A small admission charge of 15c and 25c will be made to defray expenses. Offi-

cial of the Palm Beach county singing convention are sponsoring the appearance of the nationally-known quartet.

## LEHMAN LEE OPENS STORE IN PAHOKEE

Lehman Lee, former butcher at Mackey's market in Pahokee, this week opened his own gro-

cery store in a new building erected next door to the Pearce fish market on Bascom Point road. Mr. Lee has a full and complete line of fresh meats, fresh vegetables and staple groceries and invites his many friends to visit him in his new stand. New refrigerating equipment has been installed which assures Mr. Lee's customers of the very finest in fresh meats. The store will specialize in fresh killed chickens, the proprietor said.

## Here Are a Few Things That Happened 15 Years Ago In The Glades and Were Recorded by The Everglades News

In an effort toward breaking the British monopoly on rubber and to stimulate interest in home production of the produce, as sponsored by the American government, the Florida Investment Syndicate, whose officers are prominent Washingtonians, have acquired more than 20,000 acres of land it is learned, in the Florida Everglades, adjoining the estates of Ford, Edison and Firestone.

J. E. Carter's store, located on Pahokee road, known as the "big store" burned Sunday forenoon, the building and the larger part of the stock being destroyed. Mr. Carter charges that the fire was incendiary. There are other suggested explanations, one of them being that rats ignited matches.

Kit Bowden and Miss Betty Lovorn were married Saturday at the Methodist church in Okaloosa.

Nearly \$50 was taken in from an ice cream social given at the Pahokee Methodist church.

Persons who have insurance business will take note that the office of George C. McLarty, insurance business, is in Pahokee, where he is the postmaster. Mr.

McLarty took over the agency for the B. D. Cole company on East Beach from J. R. Poland a few months ago and is looking after the interests of present policy holders as well as new business.

Workmen are putting in long hours to complete installation of machinery and other equipment at the plant of the Canal Point Ice Plant for H. T. Burford. The capacity of the ice plant will be 12 tons a day at the outset with provisions made for enlargement of capacity as soon as the consumption seems to warrant.

Everglades Lodge No. 211 F. & A. M. has purchased two 25 foot logs in the Belle Glade-Pahokee road just east of where the Canal Point and Bacon Point road intersect.

Tom Crawford was out from West Palm Beach over the week-end. He is in charge of W. Perry's real estate office while Mr. Perry is away on a summer vacation.

L. R. "Jack" Baker has been appointed by Governor Martin to the office of George Coleman as state's attorney for the circuit of which Palm Beach county is a part.

## LIMEROCK SALES REACH NEW RECORD

Ocala, Sept. 26. (FNS)—All records for the sale of Florida limerock were smashed here last week with a government order for 340,000 tons or 10,000 carloads, for use of the Navy in the construction of bases at Green Cove Springs and Jacksonville.

Leon B. Thrasher, engineer director of the Florida Limerock Association, said that the material was being mined and delivered at the rate of 75 cars a day. Limerock is also being used in the construction of roads at Camp Blanding, and an initial order for 150,000 tons was recently placed. Every mine in Marion, Levy and Alachua counties is operating full time and officials report the greatest demand for limerock is breaking all records.

## BITTING PLANS SHIP BUILDING PLANT

Pensacola, Sept. 26. (FNS)—Clarence R. Bitting of New York, president of the United States Sugar corporation, announced here last week that he was considering the proposition of establishing a ship-building plant in Pensacola.

Prior to leaving for Cleveland he stated that many factors were involved and that a decision would not be reached until he and his brother William T. Bitting had studied a report of engineers on a survey of the now inactive Pensacola Shipbuilding company.

## STAGE PLAYER WINS PRIZE ROLE!

Mary Howard, who graduated from the New York stage, where she played light-hearted roles in some of which she danced, is seen in the highly important featured role of Ann Rutledge in the screen version of the drama, "Abe Lincoln in Illinois," with which the author, Robert E. Sherwood, won the Pulitzer Prize for plays. Raymond Massey, who created the title role on the stage, has the top-featured role again in the screen production.

## "Club Woman" Editor To Speak Before Pahokee Group

The first meeting of the new fall season will be held by the Pahokee Woman's club on Monday, Oct. 7. It was announced this week by the officers of the club. An interesting program has been prepared for the meeting and Mrs. E. W. Hartman, assistant editor of the "Florida Club Woman," will be the speaker for the day. The meeting is scheduled to start promptly at 2:30 p. m.

## NEW PRINCE THEATRE SEATS ARE COMING

Abe Dobrow, manager of the Gold-Dobrow theatres announced this week that definite word had been received that the seats for the new Prince Theatre were shipped from Chicago September 24. The seats are the latest type, upholstered in leather designed in harmony with the general decorative scheme worked out by the designer of the building.

The seating problem was gone over thoroughly, both by Mr. Cove, the designer, and Mr. Dobrow and the present seat was chosen because of its beauty in design and its comfort.  
As soon as the new seats arrive they will be installed at which time Mr. Dobrow states the opening date will be announced.
